

## SAP eACADEMY

### ABAP/4 MODULE

#### Introduction

In today's highly competitive market, individuals who demonstrate that they possess essential business and technological skills enjoy a significant advantage over their peers. This is particularly true if your expertise includes SAP® software.

The SAP Certification program provides that competitive edge. When you are SAP Certified, you join a distinguished community of experts recognized globally. Today more than 140,000 consultants and users worldwide are part of this exclusive community.

#### SAP ABAP/4 module and your Career Path

ABAP (Advanced Business Application Programming) is the programming language used to develop all SAP ERP applications. Today, with more than 43,000 customers worldwide, SAP is one of the most widely used ERP applications. Needless to say, the demand for SAP Certified ABAP Consultants is constantly growing.

Join SAP eAcademy's ABAP/4 course and get an entry into the most happening sector of the IT industry.
